Personal Data Act 22.4.1999/523 Sections 10 and 24 § EU General Data Protection Regulation 27.4.2016/679 Document date

2/(3)

The register does not store information about individuals whose applications are not approved. Collected data will be deleted if a person's access rights are removed.

6. Regulatory data sources

The information to be stored in the register is collected through a written membership application form or information provided by some other means by the member themself to the person responsible for the register of members.

7. Regular disclosure of data and transfer of data outside the EU or EEA

The name of the applicant and the date the access rights were granted will be forwarded to the University of Oulu's electronic key access rights manager. Data is not transferred outside the EU or EEA.

8. Principles of register security

A. Manual data

Manually stored material comprise printed backups of the data stored on the computer. Manual material is kept in a locked room accessible only to members of the guild's board.

B. Material stored on computers

Data is stored on a server owned by the association and protected by passwords and a desktop computer used only by the members of the guild's board, which is kept in a locked room. The information can only be accessed by the data controller and the server administrator.

9. Right of inspection and right to request data correction

Everyone has the right to inspect what information about them is in the register, or if any information about them in the register, and to demand the correction of any incorrect information or the completion of any incomplete information. If a person wants to check the information stored about them or request its correction, a written request must be sent to the data controller. The person exercising the right of inspection must prove their identity. The data controller will respond to the customer within the timeframe stipulated by the EU General Data Protection Regulation (usually within one month).
